

Representative \_\_\_\_\_  
Street Address  
Harrisburg, PA

Dear Representative \_\_\_\_\_:

I am seeking your support for **Senate Bill 288**, which would require the plumbing industry to be licensed statewide. I am supportive of this legislation that is sponsored by Senator Erickson, which promotes accredited courses that focuses on standards that will ensure the safety of consumers and uphold professionalism within our industry.

I am a plumbing contractor in the Commonwealth of Pennsylvania and have been in the business for over \_\_\_ years. I know first hand how critical it is that this legislation be passed to protect Pennsylvania's consumers by ensuring them that plumbers in Pennsylvania possess licenses are properly trained and educated in the industry. Clean, safe water is the Commonwealth's most precious resource. Shouldn't a licensed plumber be there to serve and protect our potable water supply, ensure sanitation safety and guarantee quality workmanship with a high standard of professionalism?

I take tremendous pride in my work and believe that the legislature should be responsive to those wishing to uphold our industry as a professional licensed skilled trade. As a constituent and a plumbing contractor, I ask you to please support **Senate Bill 288**.

Sincerely,

Your Name  
Company
